Dear Occupier

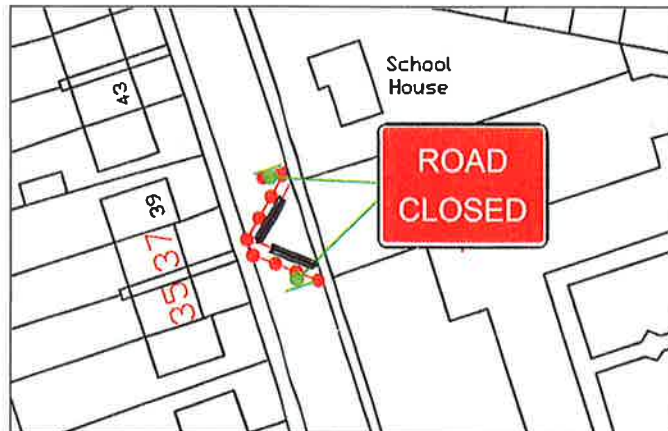

Kingfisher Primary School, BS4 4BJ
Road Closure of Lichfield Road w/c 12th November (Duration 5-7 days)

Overview

Kier Construction are constructing the new Kingfisher Primary School which includes both demolition of the existing school and the construction of the new 2 storey primary school. The project has completed the construction of the new school and is commencing the external works which includes the installation of an attenuation tank and connections to the existing drainage. The existing drainage lies in the centre of Lichfield Road in front of the vehicle gates into the site; therefore, a temporary road closure is required to allow the connection works to be completed.

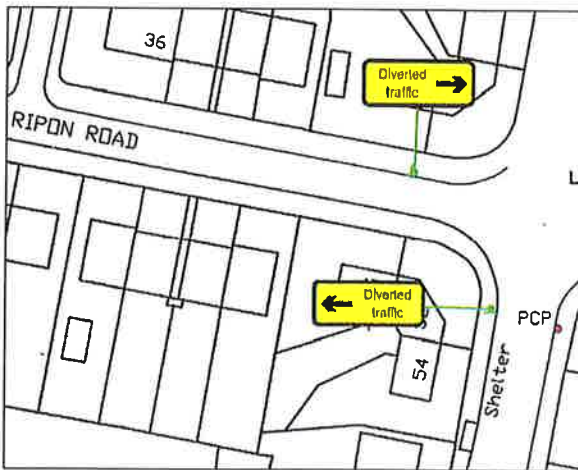

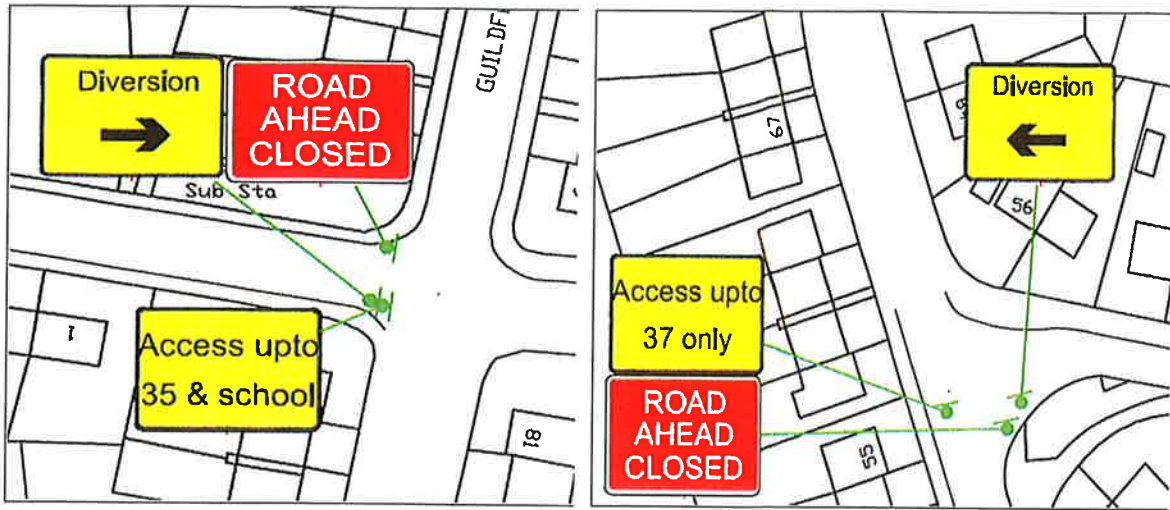

Road Closure of Lichfield Road

The road closure will be located on Lichfield Road opposite the school vehicle gates and properties 35 and 37. The road closure barriers will taper towards the properties to allow vehicular access to numbers 35 and 37. Traffic cones will be located in front of the barriers to maintain access for residents and allow sufficient turning space if required.

'Road Closed Ahead' Signage

As located on the attached plan 'Road Closed Ahead' signage will be located on the junction of Guildford Road and Lichfield Road and also on the junction of Ripon Road and Lichfield Road. Accompanying this signage will be specifically made notification boards to inform road users that access to properties up to number 35 and the school can be accessed via the Guildford Road junction. Access to properties from number 37 will only be accessible from Lichfield Road adjacent to Ripon Road as per the below.

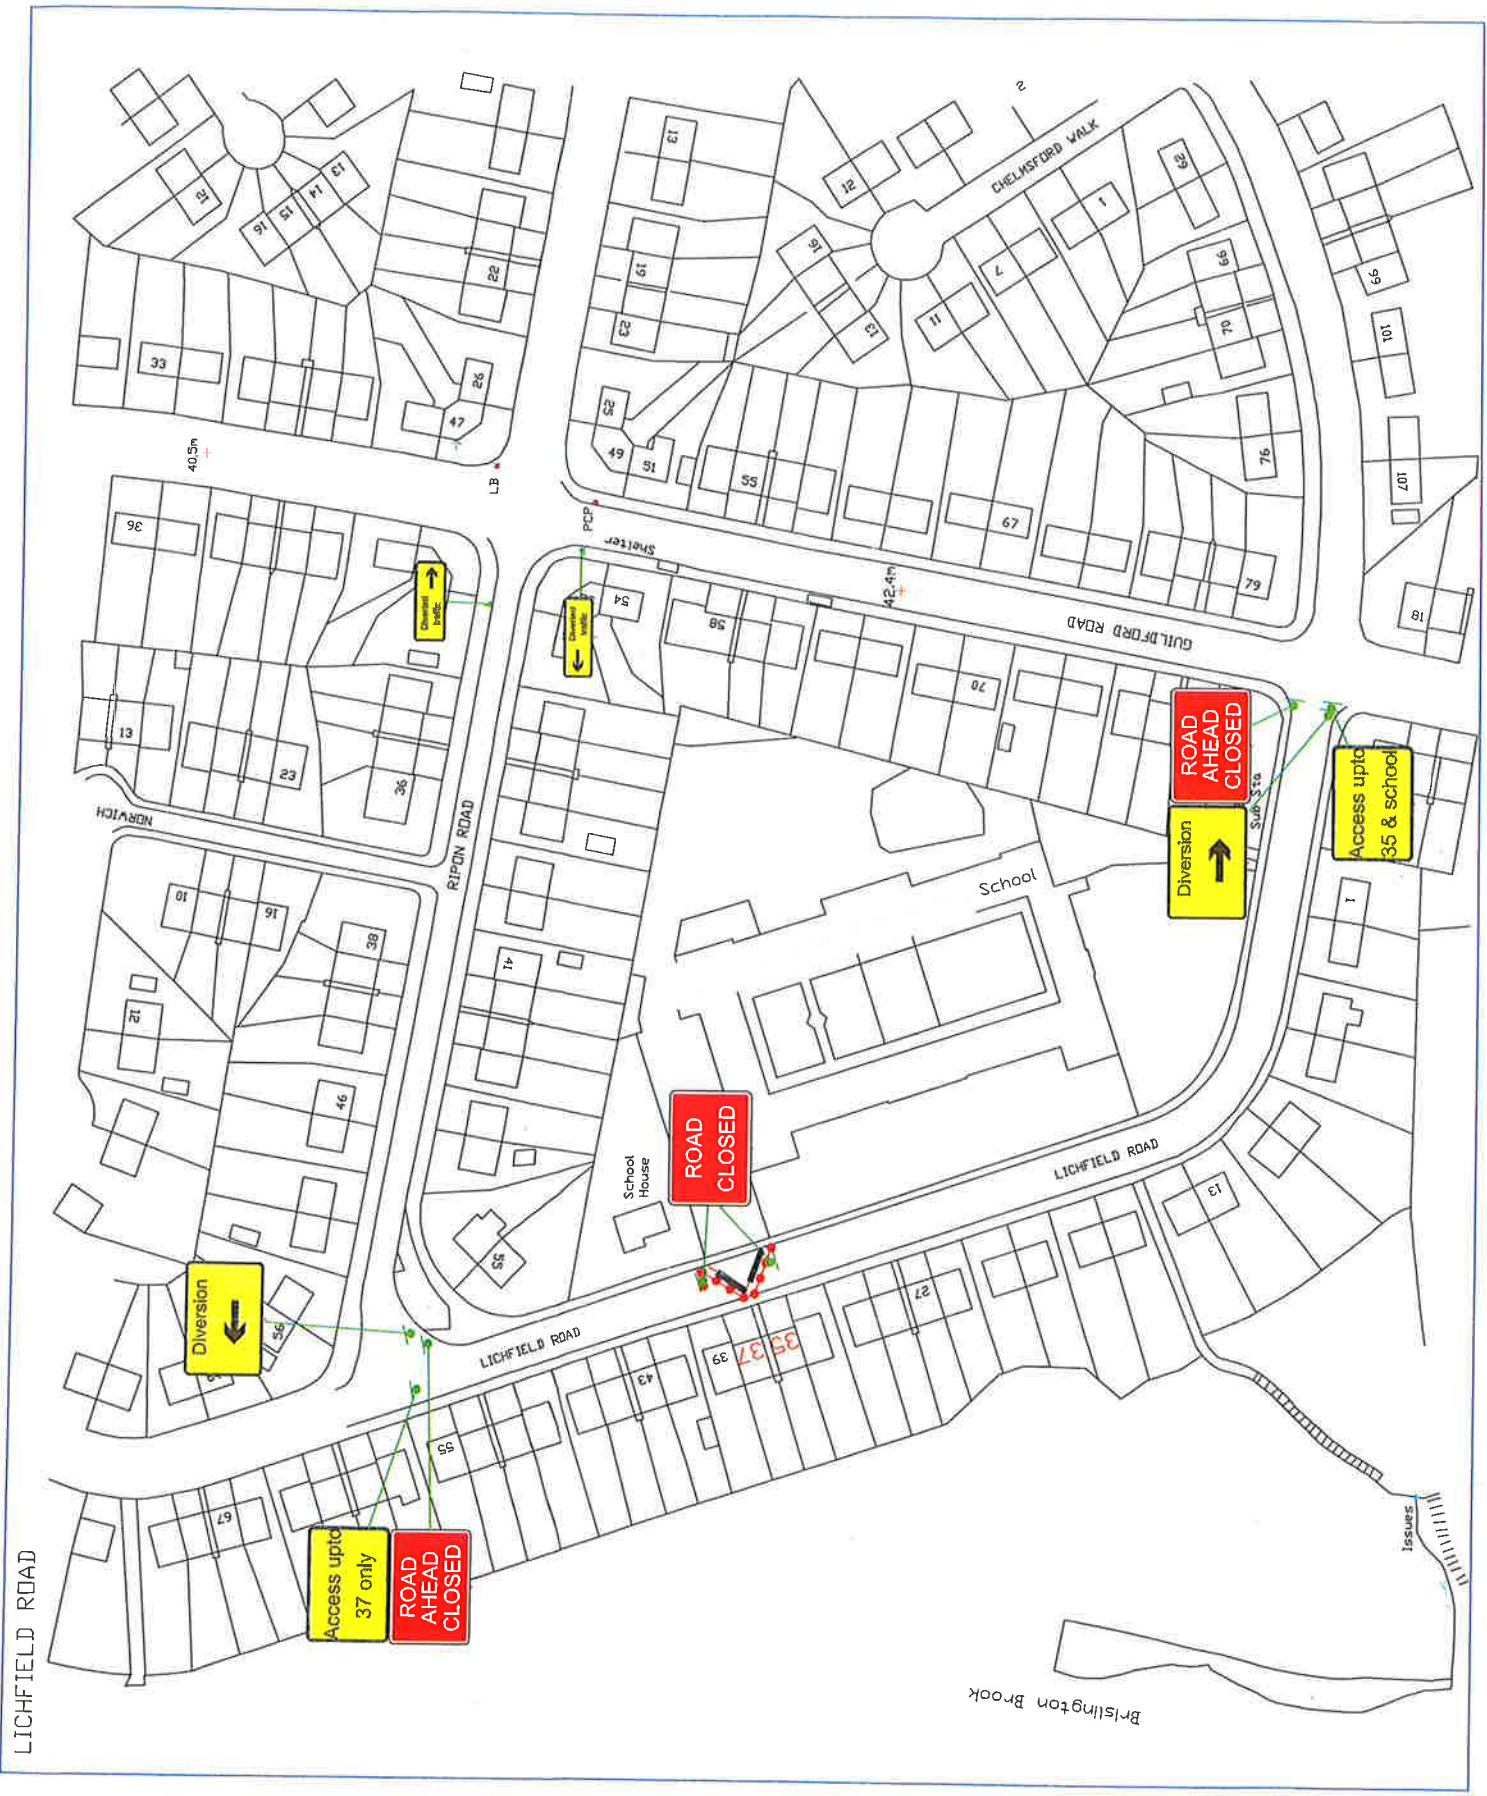

'Diverted Traffic' Signage

'Diverted Traffic' signage will accompany both 'Road Closed Ahead' signs to allow road users to follow the diversion routes to their destination (see plans above). Further to this 'Diverted Traffic' signs will also be located on the junction to Guildford Road and Ripon Road to allow road users to utilise the implemented diversion plan.

Additional Information

Please see attached the full Road Closure and diversion plan for your information. If you do have any queries, please do not hesitate to make contact on the number below:

Trevor Anderson (Project Manager) – 07887 823610. Also available week days at the Kingfisher School Kier Site Office.
