18<sup>th</sup> July 2018

Dear Parents/Carers

The end of the summer term is a good opportunity to reflect on the progress of the whole school year.

The most positive progress has been the improved academic standards across the school. Under the strong leadership of Miss Craig and the commitment of all her staff, this illustrates that the broad and balanced curriculum taught to all pupils, has raised the level of academic successes. In addition, improved school attendance and high standards of behaviour have contributed to the pupils feeling proud to be part of The Kingfisher School.

Governors regularly spend time in school (their role is to monitor progress and ensure the best outcomes for all pupils both in terms of education and their welfare) so it is important they engage with pupils, staff and the local community.

At a recent meeting with the School Learning Council, the pupils were asked a number of questions. What did they enjoy most about Kingfisher? Their replies were "work, learning, atmosphere and pupil voice". They were asked what they considered to be the 'good things' about the school? Their responses were "core values, being positive and kindness".

The Kingfisher School enters a new exciting phase next term as it moves into the new building. We all look forward to the opportunity to build on the progress and successes of this past year.

Wishing everyone a good summer holiday.

With best wishes

Melinda Baker  
Chairman of Governors
