

Elm Class Activities w/b: 11.6.18

Dear Parents and Carers,

The children are really excited about our new enquiry 'Can we build it?' They are really keen to finish the sentence with 'Yes we can!'

They enjoyed looking at building materials and so we set up the outdoor area as a building site and even added some 'cement' made from mixing flour, water and sand together.

Children have been applying this mixture to the foam bricks to build a wall!

This week the children will be able to:

- Play in our role play area (now the house of the Three Little Pigs). Children will have opportunities to act out and re-tell the story.
- Order, count and represent numbers – our sensory tray has different examples of numbers and mark making tools so children can practice writing them.
- Investigate building materials at the Investigation Station.
- Use the outdoor area to develop large motor skills – riding bikes, using the climbing apparatus, moving and building with large blocks.
- Learn how to segment and blend sounds in words e.g. sounding each individual sound in words such as cat, hat, zip.
- Please remember to keep practising name writing at home – the children are trying very hard at school to develop this skill, but it would really support them if they can continue this at home.

There is just one rhyme to learn this term and it's an alphabet song. We are learning this song to perform at our class assembly on Thursday, 5th July. You are invited to come and join us as we sing the song to the rest of the school!

PEEP group this week Friday 9-9.45am:

Come and join us as we make the characters from the story the Three Little Pigs for children to take home.
